Summary

Dedicated full-stack developer with 3 years of experience in IT industry with academic background in computing, information systems, data science and statistics. Skills include web development with React, Java & JavaScript programming, SQL, systems analysis and design, cloud computing in AWS & Azure. Easy-going, unflappable, eager to learn and love to take challenges.

Skills

Web Development

- JavaScript
- TypeScript
- React
- Node.js
- HTML5
- CSS
- SCSS
- RESTful API

Software Development

- Java
- SpringBoot
- Hibernate

Databases

- Oracle DB
- PostgreSQL
- MongoDB

Miscellaneous

- AWS
- Agile
- Git

Experiences

Analyst Programmer, IBM China/Hong Kong Ltd.

02/2021 – 02/2022

Responsible for developing data warehouse solutions with **AWS** and **ETL (Informatica PowerCenter)**

- Engaged in revenue management system data warehouse project for Cathay Pacific Airways Ltd
- Worked agilely with teams in daily morning stand-up and afternoon catch-up meetings
- Gained understanding of business domain knowledge and converted user requirements into an efficient analytics solution for subsequent revenue management and planning
- Developed daily, weekly, and monthly snapshots with **SQL** and **Informatica PowerCenter**
- Supported data ingestion to **AWS Redshift** with Apache Airflow, **AWS S3**, **AWS DynamoDB**

Programmer, DXC Technology Ltd.

05/2020 – 02/2021

Responsible for application development with **Java**, **Spring**, JSP, jQuery, Hibernate and **Oracle DB**

- Engaged in performance assessment scoring system project for Hong Kong Housing Authority
- Developed system functions with CRUD operations and corresponding UI screens
- Prepared test case documentation and automated integration test script with **Selenium**
- Developed 40+ user reports for performance review with **Jasper Report**

ICT Graduate Trainee, PCCW Solutions Ltd.

08/2019 – 05/2020

Responsible for web app development with **React**, **TypeScript**, LESS, Java, SpringBoot, and **Oracle DB**

- Engaged in license application review and approval system project for Hong Kong Securities and Futures Commission, greatly enhanced application efficiency with e-forms, application tracking and interactive features
- Gave feedbacks on UI design prototype (**Figma**) and communicated with business analysts
- Worked independently for application dashboard module and produced 60+ **user interfaces**
- Discussed **RESTful API design** and feasibility with backend programmers

Sandwich Intern, CLP Power Hong Kong Ltd.

06/2018 – 02/2019

Responsible for supporting enterprise internal systems and digital transformation projects

- Department: Group Information Technology (COE Digital & Enterprise)
- Communicated with stakeholders and converted user requirements, business processes and logic into technical specifications with workflows using **MS Visio**
- Performed end-to-end testing and prepared **test automation scripts** for 10+ e-forms on **ServiceNow** (SaaS)

Qualifications

AWS Certified Solutions Architect – Associate

01/2022

AWS Training and Certification

Designing high-available, cost-efficient, fault-tolerant, and scalable distributed systems on AWS

- Suggest the best practices for building well-architected solutions on AWS
- Take AWS security services and features into consideration

Microsoft Certified Azure Data Fundamental

07/2021

Microsoft Corporation

- Knowledge of core data concepts and related Microsoft Azure data services

Microsoft Certified Azure AI Fundamental

06/2021

Microsoft Corporation

- Knowledge of machine learning (ML), artificial intelligence (AI) and API concepts and related Microsoft Azure services, e.g., Azure Machine Learning, and Azure Bot Service

Microsoft Certified Azure Fundamental

05/2021

Microsoft Corporation

- Knowledge of core Microsoft Azure services, core solutions and management tools, general security and network security, governance, privacy, and compliance features, Microsoft Azure cost management, and service level agreements

Languages

- Fluent in **English**
 - IELTS 6.5 (Listening 7.0, Reading 6.5, Writing 6.5, Speaking 6.0)
 - TOEIC (Listening & Reading 920/990, Speaking & Writing 320/400)
- Fluent in **Mandarin** & Native in **Cantonese**

Education

Bachelor of Business Administration (B.B.A)

09/2015 – 07/2019

City University of Hong Kong, Hong Kong

Second Class Honours, Upper Division (CGPA: 3.22/4.3)

- Major: Business Analysis (Management Science)
- Minors: **Computing & Information Management** for Financial Services
- Courses include **Systems Analysis and Design** (A), Business Programming with Spreadsheet (A), **Big Data Analytics** (A), Business Intelligence and Analytics (A-), **Java Programming** (B+)
- Had been to Victoria University of Wellington, New Zealand as Semester Exchange Student
 - Information management courses: **Databases** (A+), Business Analytics (B+)
